

WHERE IS BACH?

Listen to music and guess where it comes from

We are looking for **non-musician volunteers** to participate in our experiment about music perception and ability to localise sounds in space.

Before your visit:

You will complete two short online music perception tests at home (30-40 min.)

Compensation: 60 CAD

Duration: ~ 3 hours

Listen to music and identify the location of sounds in a room with multiple loudspeakers, while your brain activity is recorded using EEG.

Eligibility criteria:

- Age 18 or older
- Normal hearing
- No formal musical training
- No neurological or psychiatric disorders
- No motor disabilities
